“A Critical Look into Fetishism Today”

We are pleased to announce public lectures by two distinguished philosophers from the University of Helsinki, Heta Gylling and Timo Airaksinen, who are currently visiting researchers at the Institute for Liberal Arts. What is equality? What is gender? Are social equality and gender equality identical? Prof. Gylling discusses their meanings and implications. What is a fetish? Have our fetishes and the ways we fetishize changed? Prof. Airaksinen provides a conceptual, rhetorical, and philosophical analysis.

No registration is required for those attending in person. The lectures will be given in English. They will also be broadcasted via Zoom.
